

ENVIRONMENTAL HEALTH SERVICES

Waste Disposal

Fact Sheet

Drum Muster

Drum Muster collection centres are available to collect and recycle your clean, empty farm chemical containers.

All eligible containers delivered to collection centres should:

- Be free of chemical residue (some stains may be accepted)
- Be clean, dry and have lids removed
- Only containers carrying the Drum Muster logo will be accepted at collections

All eligible containers will need to be inspected on site by an Authorised Drum Muster Inspection Officer.

Collection Centres

Bell

Program delivered by Bell P&C. March and October musters. Please contact Bell P&C direct. For further information or contact details please visit <https://www.drummuster.org.au>.

Chinchilla Waste and Recycling Centre

Loads under 50 drums can be taken to the centre during opening hours. Please present to the gatehouse to arrange inspection of drums.

For loads over 50 drums, an appointment will need to be made. Please contact Council on 1300 COUNCIL (1300 268 624). Council will then arrange for a Drum Muster Inspector at the Chinchilla Waste and Recycling Centre to make contact and arrange a suitable inspection time.

For loads over 600 drums, on-farm collection is encouraged and can be arranged by contacting Drum Muster direct. For further information or contact details please visit <https://www.drummuster.org.au>.

Condamine Waste and Recycling Centre

Receivals by appointment only. To arrange a time, please contact Council on 1300 COUNCIL (1300 268 624). Council will then arrange for the Condamine Drum Muster Inspector to make contact to arrange a suitable inspection time.

Dalby Waste and Recycling Centre

Loads under 50 drums can be taken to the centre during opening hours. Please present to the gatehouse to arrange inspection of drums.

For loads over 50 drums, an appointment will need to be made. Please contact Council on 1300 COUNCIL (1300 268 624). Council will then arrange for a Drum Muster Inspector at the Dalby Waste and Recycling Centre to make contact and arrange a suitable inspection time.

For loads over 600 drums, on-farm collection is encouraged and can be arranged by contacting Drum Muster direct.

Alternatively, Dalby Junior Rugby Union Club also offer an inspection program. For further information or contact details please visit <https://www.drummuster.org.au>.

Jandowae

Drums can be taken to the centre during opening hours. Please present to the gatehouse to arrange inspection of drums.

Moonie Transfer Station

Receivals by appointment only. To arrange a time, please contact Council on 1300 COUNCIL (1300 268 624). Council will then arrange for the Moonie Drum Muster Inspector to make contact to arrange a suitable inspection time.

Meandarra

Program delivered by Meandarra P&C. Please contact Meandarra P&C direct. For further information or contact details please visit <https://www.drummuster.org.au>.

Council also has an authorised Drum Muster Inspector available. Receivals by appointment only. To arrange a time, please contact Council on 1300 COUNCIL (1300 268 624). Council will then arrange for the Meandarra Drum Muster Inspector to make contact to arrange a suitable inspection time.

Tara Landfill
